

Temporary Social Distancing Standards

FEWER STUDENTS PER CLASSROOM:

At *The Tutoring Center*®, the safety and success of your child is always our #1 priority. As you can see from the diagram above, we've cut our classroom sizes down to just TWO students per session to further enhance the spacing in our sessions. Furthermore, each student will start his or her session at a different station. At most of our Centers, these stations are more than 10 feet apart!

TIME-TESTED SYSTEM:

The Rotational Approach to Learning® has withstood the test of time. Our *One-to-One Instruction*™ with social distancing is the finest tutoring system for your child. Don't settle for small group, classroom, or online tutoring. Get your children learning again at *The Tutoring Center*®

Fewer Students per Class
